PROFILE

I'm a university student and highly motivated Frontend Developer, and passionate about exploring new technologies and enhance web development skills. Gaining hands-on experience in UI design,I focus on building responsive, user-friendly websites while continually enhancing my technical skills to keep up with industry trends.

WORK EXPERIENCE

DEC 2024 - APR 2025
AAA Digital Solutions (Model Town, Lahore)
Frontend Developer

- I'm a Frontend Intern at AAA Digital, assisting in UI development, coding, debugging, and optimizing websites forbetter user experience and responsiveness.

Sep - Nov 2024
ZH IT Solution
CSR (Call Center Representative)

- As a CSR, providing TV cable services in the USA. I handled inbound calls, offered services related to cableproviders like Spectrum, resolved billing and service issues, processed customer requests, and ensured a positivecustomer experience.

Nov 2025 - Mar 2026
LINKS IMMIGRATION CONSULTANTS
Lead Generate / Data Entry

- Worked as a Lead Generator, sourcing and qualifying leads via cold calling and online research. Managed customer data, scheduled appointments, and ensured a steady pipeline for sales growth.
